Date _____

- **A permit is required before any work begins.**
- A permit will expire if work is not started within 180 days of the permit date, or if work is abandoned for 180 days.
- Work that has been started prior to obtaining a permit, will be at the owner/contractor's own risk and is subject to the requirements of the applicable codes.
- ALL WORK SHALL BE INSPECTED.
- It is the responsibility of the permittee to call for all inspections as follows:
 - Fire Alarm: Final
 - Automatic Sprinkler: Rough-In, Hydrostatic Test, Dry System Fill, Fire Pump, Final
 - Kitchen Hood & Clean Agent: Final
- Work not approved shall be considered incomplete.
- It is the responsibility of the permittee to be knowledgeable of all codes.
- Questions should be resolved prior to installation.
- **No work shall be concealed or covered until approved by the fire department.**
